If you're reading this announcement, then it means that VRChat has decided to go through with the idea of implementing an invasive anti-cheat software into the VRChat client. ... - Means to bypass/patch the anticheat may be discovered,. VRChat adds Easy Anti-Cheat, community not happy but Linux and Steam Deck work fine. If VRchat had added all these features before implementing Easy Anti-Cheat, the current uproar would likely not have happened. How to fix it The best thing VRChat could do right now is to roll back Easy Anti-Cheat, rethink the feature set in VRChat to give accessibility back to those people who need them to use the platform at all, then reimplement Easy Anti-Cheat. VRChat has officially responded to the massive amount of backlash from fans following the announcement of anti-cheat implementations. Easy Anti Cheat might help to keep you safe from hackers when playing Elden Ring online, but if you wish to use many of the game's mods, you will need to disable the service. Before you do, remember that you will not be able to play online without Easy Anti Cheat running. To disable Easy Anti Cheat, follow the below steps: Tag: vrchat easy anti cheat. News. Community Contempt for 'VRChat' Update Leads Developer to 'reprioritize internal roadmap'. VRChat is adding a new anti-cheat which might seem like a good thing given the complaints of grievers, hackers, bigots, trolls, and all manner of toxic players. However, the community isn't excited as this update will break plenty of mods, so it's voicing its frustration by review bombing on Steam..
